STATEMENTS BY THE COMPETITION COMMISSION

Sabita is aware from media reports* that a leniency application has been submitted to the Competition Commission by Sasol Oil (Pty) Ltd and as part of this application, the Commission has said that it is looking at, among others, members of Sabita.

Sabita has not received any communication from the Competition Commission although it considers such allegations in the most serious light. Sabita rejects any form of anti-competitive conduct and this is reflected in Sabita's members' Code of Conduct, to which all our members subscribe.
